Presents

Bubba's Tour

Sunday August 2nd, 2009

Because you can never have too many driving events we have created another for you. We have decided to hop state lines for this one and will be starting and ending in the great state of Washington. This won't just be your typical run around Washington. The combination of 140+ miles of woods, lakes, mountains and flats, all presented with twisties of course. So, for those committed to the pure form of touring including focus, stamina and bladder control – this one's for you!!

This is a total immersion experience: driving skills, endurance and natural beauty. Plus, it promises to be a real bonding experience between MINI's and those who love to drive them.
