

PDX MINI PRESENTS

The...

END OF THE ROAD - Spring Fling!

May 15, 2010

We tried this last Fall, twice, and Mother Nature decided it was time for Minis to stay home. So we'll try this again. We'll wind our way from Troutdale, Oregon to Zig-Zag...and everywhere in-between. We'll see some twisties, some farmland and some forest. Perhaps we'll even encounter a little Swiss influence, as we'll motor our merry way through the morning... until lunch, at that Swiss inspired classic family eatery - Heidi's of Gresham! So bring your appetite.

The foothills of Mt. Hood are some of the most fantastic touring roads in Oregon, and your faithful PDX MINI tour directors aim to show you a few! This is the end of the road for PDX MINI 2009's day tours, so be sure to participate!
